Mr. Keith Wiley

Class of 2008 dedicates their yearbook to...

Mr. Wiley has had an incredible impact on the Class of 2008 over the past four years. As our class advisor, he has helped us through the ups and downs of high school life. He has inspired us through his appreciation of the finer aspects of literature and its relationship to everyday life, from the literary works of Edgar Allen Poe and Shakespeare to 80's and 90's rock music, and even Monty Python. His unconventional approach to teaching commanded our attention and gave us hunger for more knowledge. Most importantly, Mr. Wiley made us realize that there are endless opportunities for us beyond West Boylston High School, encouraging us to pursue them passionately. Thank you, Mr. Wiley for being such a great influence on the Class of 2008. West Boylston gave us our roots, and you helped us find our wings.

Well, what can I say? High school has been a great experience. It had its ups and downs, loads of schoolwork, countless drama, but hey it made it all the more fun. There has been so many great memories inside WB High. But I really think its time to move on with our lives. First off, Mom and Dad, I appreciate all that you've done for me. And I know the nagging is for the best and I love you both. Sara, Christie, and Johnny - I've had to put up with you guys for my whole life but it has made me who I am today, love you guys. Tory - Cork goo, ninera con Thompson, WATCH ME GUN IT! Beshai - Saw mask, munchies, GO DEEP CHRIS! O'Neil - Birds, Dre, cyclone. Nick-You gotta tell em, (thumb), stardust music, GIANT GOPHERS! Garceau - PUNCH IT! They're leeches dude. Sam - Crazy hair, yellow black bears, oh baby. And to everyone else, SB BP SR RH JN KL PM EB ND. Great times with everyone. Beshai's pool house, pointless trips to Meola's, and blasting Bohemian Rhapsody. We all need to keep in touch and I wish the best of luck to the class of 2008!!

It's been a crazy four years of high school. Lots of good times Joe A, Tory J, Sam J, and Steve B, lots of awesome stuff this summer with the Sterling crew, from the scavenger hunt to just sitting there in the pool house, good stuff. Brendan O, BVBs for life buddy! Josh D, good times at S&S Farms man, I'm going to miss it when it's all said and done. Great times in WB Track too! It may have been some hard work but it was worth it. I'd also like to give a shout out to a few other friends I've made over the past four years of high school: EB, ND, KD, BH, RH, CJ, AL, TM, FM, AO, AP, BP, SR, MS, SS, LV, PW. I would also like to thank my mom and dad for always being there to push me when I needed one. I'd also like to thank my brother for providing such interesting times not only throughout my high school career, but for the fourteen years he's been around. It's been great meeting everyone I did throughout my high school career, and best of luck to all of them, later WB!

"Hard work never killed anybody, but why take a chance?" ~ Edgar Bergen

High school was a success for me. It is something I will never forget. Whether it's sleeping through classes and still getting a B+, goofing off during lunch, chilling with friends during track, or just having fun in gym class. The fondest memories I will take away from high school are those of being on the track team and hanging out with friends from track: Ben Pelto, Stephen Rotti, Sam Janda, Tory Jaskoviak, Chris Beshai, and Shaun Seiquest. Lunches were always fun and interesting sitting with Rory Hart, Nick Coviello, Joe Nelson, Walter Bouchard, Pat Marsh, and Paul Weiskel. Overall, high school was somewhat fun and an experience that I will never forget. To all my other friends and peers, goodbye, and thank you.

I guess the best place to begin is by thanking my friends and family. They have made my 18 years of life not only possible, but also happy. My Mom and Dad have given me great opportunities to succeed, for which I can't thank them enough. Stacie Renda has been an unbelievable and passionate friend and companion, who I owe the world to. My other friends know who they are, and should know that my life wouldn't be nearly as funny or entertaining without them. The moments that make up my past have been truly amazing, and I hope the moments that will shape my life in the coming days, months, and years will be just as great, if not better. I hope never to lose the passion that I live my life with, and never to betray those who are close to me. And whatever life lies ahead for me, whether it is in wealth or poverty, I will always be happy as long as I am surrounded by the ones I love.

"The time that we kill keeps us alive."

My quote could not describe my high school years any better. Without having time to do all the crazy things my friends and I do, I dont think I would have survived. From bowling with highlighters, to fedora-wearing Florida trips, to my never ending adventures in the VHS classroom, to staying up til 4 doing nothing important, its been an unbelievable 4 years. Karates always kept me going, and always been an inspiration to try harder and be better. Times were tough at points (cough cough, English 12), but everyone got through them just fine in the end. To those who stayed with me, Id like to give a big thanks. You put up with all of my complaints, karate banter, karate experiments, and overall, a person who can resemble House at times. I dont need to list people, because you know who you are already. Id always thought Id be sad leaving the school I grew up in, but I was wrong. Ive never been more ready to move on in my life.

Graduation is here! Leaving high school is sad but also happy, and exciting at the same time. I can't wait to move on to something bigger and better. I have so many memories at WB High. High School has been a great experience at WBHS. I have to thank all my family for their outstanding support, as well as my good friends. The last four years in this school would not have been the same without them. I would especially have to thank my parents, my friends' parents, and any adult who has influenced me, and helped my along in life. I wish the best of luck to all my friends who have kept me sane while I have been at WBHS: Walter, Pat, Nick, Midge, Paul, Dan, and the whole Mixter/Foleys crew. A great thanks to the guys from MOJO for giving me the opportunity to play with such talented musicians, and for giving me some great memories, with hopefully more to come.

No true greatness can be achieved in life without first experiencing and overcoming great loss. It is not how we act in the face of victory, but in the face of defeat that determines our true character. This is one of the most important lessons that I have learned and will take away with me from my high school experience. I have had the most amazing times filled with laughter, love and happiness, but it is not those times that have taught me the most and made me into the person that I am. Rather, it is the struggles that I have had to overcome along the way have shaped me into the individual I am today. I want to thank all of those people who have been there for me to lend a shoulder through the hard times and make me laugh until my stomach aches through the good times. My family- Mom, Dad, Ryan & Grammy- "there's no place like home." StuCo & MASC- my second family; forever young. DKDS & Walnut Hill- my homes away from home. Winthrop Street- my sisters & brothers for life; we're practically blood. My friends- Kelli, Kristin, Amy, Kayla, Steve, Dan, Tom & all the rest- thank you for always being there. I don't know what I would do without you all. Good luck to the class of 2008. I know you'll all do amazing things in years to come! :)

Senior year is finally here! I'm so grateful that God has given me such a huge opportunity to do whatever I dream of. I want to say thanks to my mom for always putting up with me. Thanks to my Dad for always caring and giving me great advice. I don't know where I'd be without them. I'll never forget the great times I've had in these past years in West Boylston. It's not so much the good times I've had in school, but rather the great times I've had outside of school. LCPM; I'll never forget MPMS, main street, bottle caps, stalking innocent victims, road kill, botard, trampoline jumping, sir booger, burning pictures, spoons under pillows, "say goodbye to your summer", Zach Patty, and the mdef ridic boys we've encountered. We'll be scheming and plotting till death do us part. TJ; I'll always remember that instance with the box and the bomb squad, Uncle B watering the flowers. that day at SV, Papa Pj's plowing days, and smudge. Jesse; you've taught me a lot, thanks for always being there for me; it's a birthday thing. Steve; you're an awesome friend. Thanks for taking me shopping, and for all those insightful talks. I'll pay you back someday! Will; I'll never forget the FCC, my impressions of your voice, PW, that net, your predictable hand motions and lip puckers. Thanks for watering the garden. I'm always there for you. Billy; you always did mean well. Stay steezy WB!

Its hard to believe that we will be graduating this year. Thank you mom and dad for always believing in me and teaching me the importance of hard work and dedication. Cole and Tyler, I couldn't have asked for better brothers. Without my friends, I would be nothing. Chris- friends since third grade, we have been through a lot. Joe - tara-dactyl, cork goo, hanging out at the Cheoy Lees parking lot (ya we are pretty sketchy). Pelto - I'm cream of the crop, you are cream of wheat. Sam Janda- we will always be part of team STB aka team Tory. Berkey - you are the man. To all of my fellow teammates on the soccer team, it has been a pleasure and good luck. Thank you Coach Doherty for teaching me leadership and personal responsibility. Do the small things right and the big things take care of themselves. Good luck to the team next year. FSU Tahanto! I remember being little, and wanting to be just like my parents. I could not wait to be able to do what I wanted. As a kid I thought that the day I finally "grew-up" would be the greatest day of my life. But now that day is here. I am grown up enough to have my own responsibilities. I now have the freedom to do as I please. And truthfully... I am scared. When I was little, time did not seem like it was passing as fast as it really was. Maybe wishing to grow up wasn't the most intelligent idea. But regardless of being scared, I am ready. I now have a better understanding of things... and I am ready to take on what ever my future has in store.

Thank you, first to my friends. Without your welcome arms, my experience at a new school wouldn't have been quite as enjoyable. Second, thank you to the softball team for helping me to create great memories that will last. Lastly, thank you to my family for all your support and genuine care. I love you all!

Well, let me start off by saying that these four years of my life have been the best times of my life. To Casey, my best friend since the sixth grade, I have had some of the best times of my life with you. Alissa, I love the fact that you make me laugh rather than me throwing down the corny punch lines. Sam we have had some great times. Kristin, as my twin, you are the most important person in my life and I love you so much. I could not get through life or make memorable moments without you. To Colby even though we have only been friends since junior year it feels like we have known each other for a lifetime. You know what to do to get me smiling. Kayla A, great times at Hollister kid. To my mother, you have kept me so strong and gave me the strength to do well and succeed in life; I love you more than words. You are my everything. To my dad, I love you so much you have taught me how to make lemonade out of so few lemons. I love you more than you could ever know. My Nana and Papa, I love you two so much you have been there through the good times and the bad. Grandma and Grandpa I love you two so much. My high school years have gone by so fast, I can't believe I'm going to be leaving in the fall of 2008 to be attending a whole new school. I just want to show appreciation for both my parents! Thanks mom for never giving up and giving me the best life possible. Dad, thanks for always making me smile and really enjoy the good times in life. It's hard to find a person, let alone two friends who happen to be in the relative proximity to the Lewis twins (in crazy/loud/outgoing) terms. Casey - some good times tree fort, town pool, MEESH playing rock band! Hampton. Knowing your for 8 years... most amazing person ever. Alissa - you ALWAYS making me laugh and your so compassionate. Some good times - Baby hunting, spandex and the cruise. Alex - thanks for always listening to me and my crazy stories haha! My family and friends will always hold a special place in my heart; you have given me hope when I didn't think I had anything left in me. I love you all!! Finally, I would like to say I LOVE YOU to Kerri. Regardless of where we go to college next year remember, sister by heart, but friends by choice! ALWAYS!

Most people say that they hated high school. I'm glad that I'm one of the fortunate ones that loved it. It wouldn't have been as good if I didn't have my two best friends Kayla and Tara. Kayla, it all started with Billy meaning well. From that we had Sir Booger, MPMS, and our hate against purple and grape substances. Can I have some candy sir? My brother is sick. I just know that you are a botard and that smudge feels like dying. The last thing I have to ask you is who wears bottle openers on the bottom of their shoes anyways? Tara, watch out for that 54, and don't worry, I will still attend every Christmas party. Taz will encounter her share of karma for attacking me. To you both, I should have considered new friends when I jumped solo. Ryan, you're such a great person and I'm so glad to have you in my life. Mom, you are my rock and have really shaped the person I am. You mean the world to me. Auntie Suzanne, Uncle Jason and Hollis, you are the fire beneath my butt that makes me continue to do well and I love you so much.

Honestly, I have no clue what to write for this because I'm not really good friends with anyone in WEBO. Sure, I have a few inside jokes like charades in drama this year and the friendly competition between me Alex and Neil for homecoming king. I could do the normal thing and thank my family for supporting me through the ups and downs of my life, but I wanted to be creative and different because lets face it I'm different. So yeah thats basically my life in West Boylston. Now my life outside of West Boylston. Friday night movie nights, wrecking you all in bowling, ups and downs of friendships (and relationships), the mall every weekend in the summer, Ben moving and Brad BRAD!!! Well, there's my whole life summed up in less than two hundred words.

High school flew by. I can't believe it's our senior year and were almost ready to leave for college. We've grown up so fast, it's truly unbelievable. Besides all the difficult, time-consuming (especially English) homework assignments I dreaded doing each night, and waking up extra early every morning, I guess it was all worth it in the end. We've had a lot of fun and have many memories that well keep forever. I would like to thank my mom, dad, Brian and Brandon, and my entire family for always being here for me. Without their love and support, I wouldn't be the person I am today. I love you guys so much, thank you for all you've done! Kasandra, your the best cousin in the world and my best friend, together since birth! Kasandra, Kayla and Chels we've been through SO much together, I don't know what I'd do without you guys; thanks for being my best friends! Mike, you've been more than just a wonderful boyfriend to me, but also a best friend. Thank you for helping me get through my senior year, you mean everything to me. I love you. To the class of 08 best of luck!

The past four years have definitely been an experience, one that will stay with me always. To my family- Mom+Dad: thank you for always encouraging me and standing behind me in everything that I do; I could never have accomplished anything without your support, I love you! Tori +Julia: you guys are the sweetest sisters anyone could ask for and I'm going to miss you tons! To my cousins/ best friends- Jill: I never in a million years thought we'd end up in the same school and living next to each other (even the same house!). I could have never gotten through these past years without you- all the school-night sleepovers, audio tapes, and studying. Our laughter and memories mean the world to me. Ant: One last winter to live out the legacy on our boards, best sweet16 NYC trip (swarming!), piano duets, and dressing up in each others clothes, ha great times. It's amazing how quick these last four years have passed since we entered high school. First I would like to thank my Mom and Dad for always being there for me through the good and bad times. Also I don't know what I would do with out my brother Mikey and my sister Kerri and my cousins Ryan and Kelli who always manage to make me laugh. Steve - I don't know what I would do with out you man, your like another brother to me. We have had some really good times these last couple of years that I will never forget about. Nick, Rory, Paul, Pat, Walter, and Joe we've had have funny moments acting immature and eating fast food all time, and you cant forget the basketball games we played in the freezing weather and all the frosted oatmeal cookies you stole from my house. Joe A, Chris B my BVB, Tory, and Sam J, weve had some pretty crazy times this past summer hanging around the pool house and driving around town for no reason what so ever. Its been a good time at WB, Good luck 08.

Throughout my high school years I couldn't wait to get out of here. I used to count down the days until summer so I wouldn't have to do work or anything. Now I'm a senior and I'm still counting down the days but only to open the next chapter of my life. I want to thank my mother for always being there. You an amazing and strong woman, without you I wouldn't be who I am today. Thank you, I love you. Dad, growing up you taught me a lot and always pushed me to do well. Ben Norton friends since Pre School I have so many memories with the family get togethers. Then there is PJ Noves mini golf buds, we have had some good times. Ben Pelto we have had some memorable one-on-one pick up games. And the basketball team my boys MD, MC, ER and BP. 07 Clark champs! Nicole Brunell what can I say good friends since the sixth grade. I cant forget all of the DECA WARRIORS! Oh Wow Kyle Pearson what times we had when we were little. Jeff Needham two words that describe you Cool Kid oh yea and Randy Moss. Since I started school here in 8th grade, I have learned a lot of things that I was sheltered from, at past schools. I have learned what being in love is and what hate is, what's right and what's wrong, and who will really be there forever. When you write these most people put in the initials of their closets friends. I'm not going to do that, all of my closest friends know who they are and don't need to be in a book to show how close we are. We will be together, probably until we are in wheelchairs still joking around, doing and having the good times. The best time was soccer FSU #6. We really learned, grew, experimented, and became not just a team but a family.
I have changed a lot since 8th grade and so have the people I hung out with. From ski club, to watching the super bowl in my living room, to ice skating on hidden ice rinks in shoes. There have also been some bamf back kicks thrown at shows and visions turning gray. There is also wipping around in the cobra, and I will end it there considering Mrs. Isgro does the yearbook and I was usually with her son. Going to the boat was always an adventure, and just got better once we were there. Anyone that has been knows it's an experience. I wouldn't have wanted to have the memories I have with any one else.
I wanted to thank my mom for everything, you seriously kept me out of so much trouble and getting into bad things. The advice you gave me would always keep my going and I love you so much for that. You are basically my best friend.

High school, it seems like it has been going on forever now. Its strange not knowing quite what is in store for us in the years to come. However, no matter where we are, we will always be able to look back and remember our years here. I am sure most people, if they remember me at all, will laugh when they remember one of my many, humorous falls, such as the 8th awards ceremony, or any of the numerous gym classes. It would seem my most memorable moments involve me getting hurt not sure if like that all that much, but oh well.

Weet! Finally! First, thanks to my parents for all you have done for me and for all the Sox games! Uhhh I really can't describe all the fun I have had in the past 4 years in 250 words... There are just too many quotes! Well Washington knows what they are and that's good enough! I can't believe we are done sitting in circles, bomber tennis, basketball, football, wiffleball, and the sharks and Vince! Even though we said we were bored we always had fun with our fantasy drafts, sleep overs, trips to Boston, National Ring Girl Day, Sterling fair, and the countless other things. How ironic is it that I am writing this on 24/7 and Nick is waiting for me to post it! I wonder how many posts we will have by the time we read this again. Thanks for the tons of CD's and introducing me to QN5! We Can't Win! FYIRB! Midge, my first friend in second grade, we had so many good times playing catch, one on one basketball, and arguing wiffleball calls in your backyard. Is it hot? tsk! and all the cell phone sounds! Dan, why did you go to St. Johns and spill your milk so much? PAUSE! Rory, you and Fiddy will always get money and mad billz! Tailgating with you and Walter was chill and lunch on Fridays was ok.

Faces of old and faces of new.
People we know and people we knew.
Growing together then drifting apart.
Always an ending and now a new start.
At graduation we all grow nearer,
and all of our friends seem to much dearer.
And as we say our final goodbye,
one last embrace and one more cry.
A "keep in touch" and a "promise I will," a "remember when"
but, better still; a place in my heart, you'll always stay.
This is what's said as we go our own way.

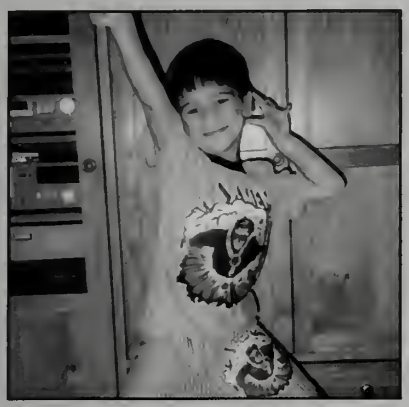
May Your Future Be Bright!



Our Dear Eric,
You have made us all so proud. You have thrilled us for many years on the football field, baseball field and basketball court. You baffle us with your math ability, leave us in tears with your humor, and warm our hearts with your thoughtfulness. And you have done it all with energy and your own personal style. Be proud of what you have accomplished and believe in yourself as we all do. Continue to search for what you love and in time you will love the life you have found.
